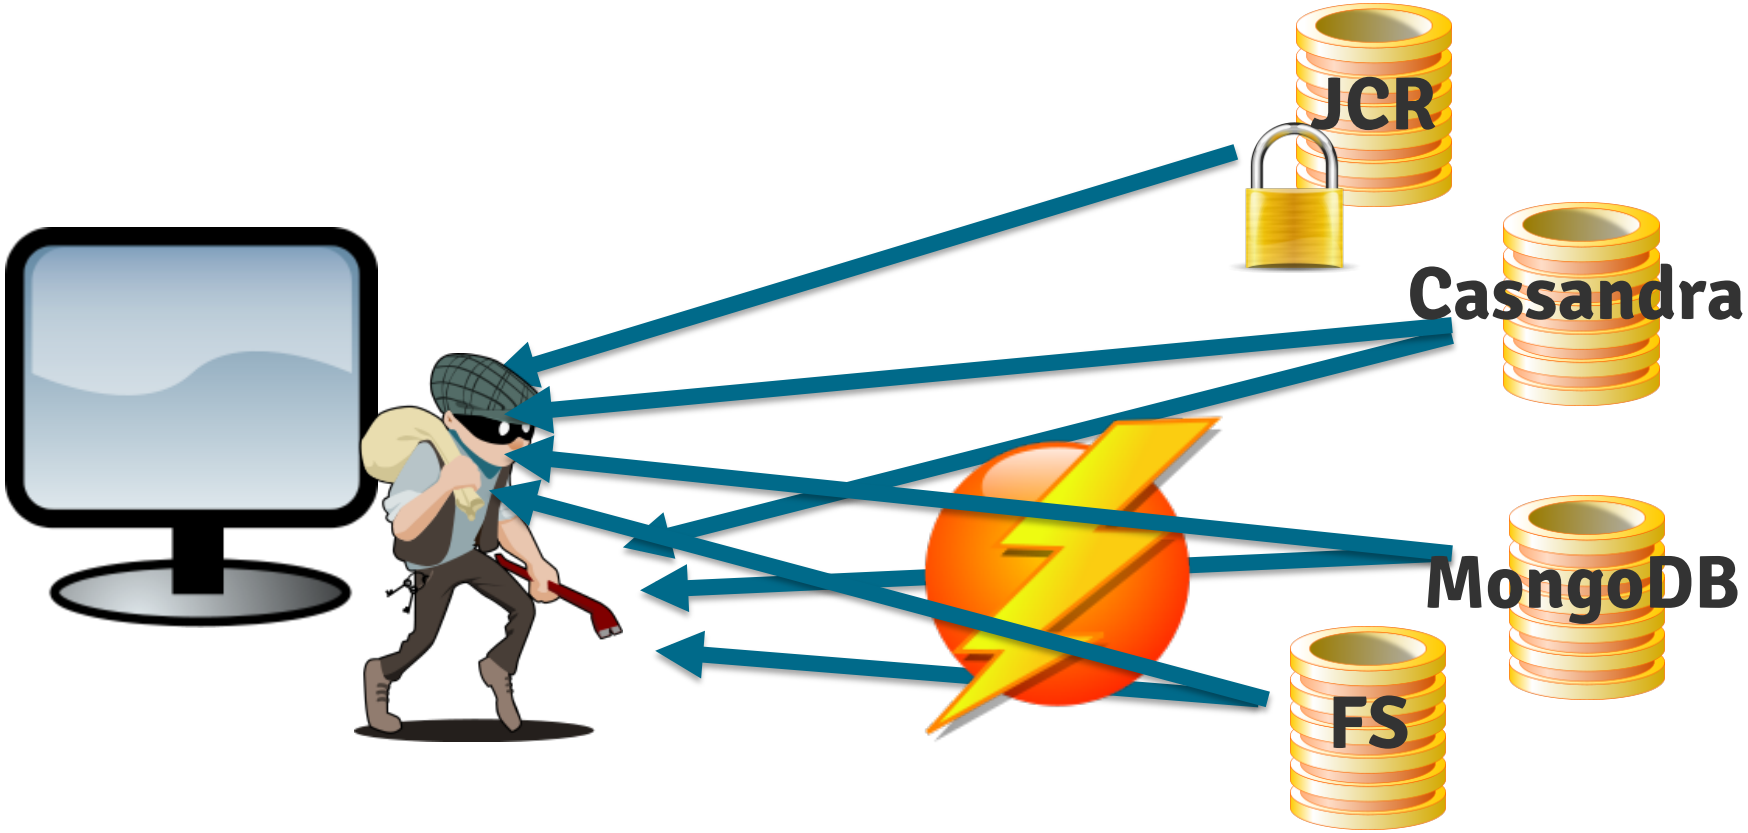
The proper use of ResourceAccessSecurity

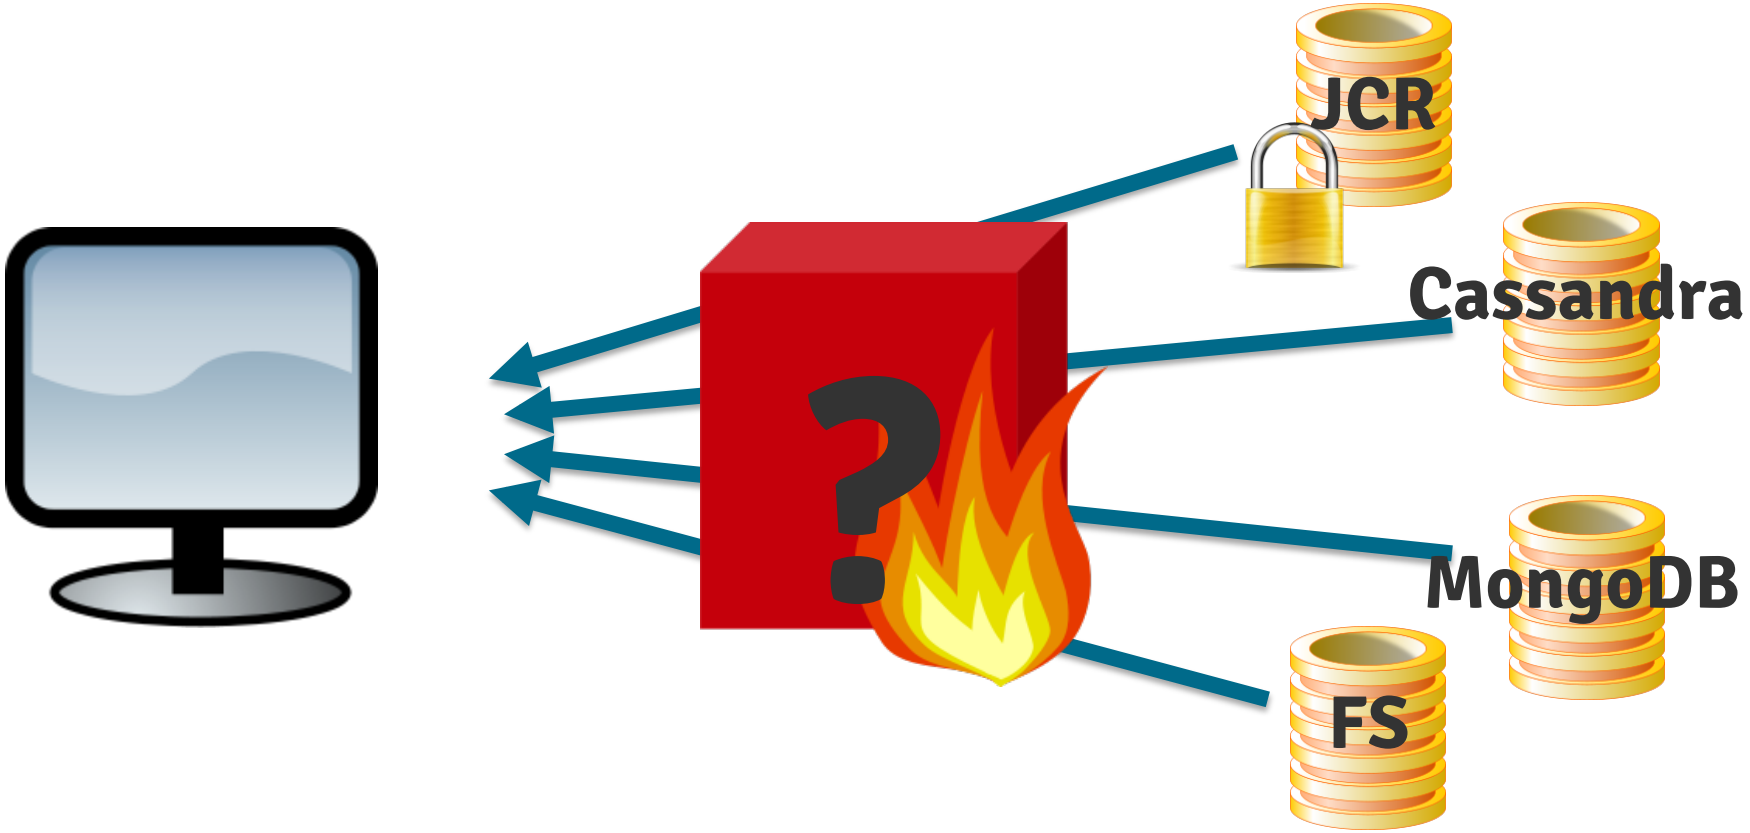
Mike Müller, MySign AG

ResourceAccess··· What?

JCR



JCR
Cassandra
MongoDB
FS



JCR
Cassandra
?
MongoDB
FS

When to use?

- ResourceProviders with no access control
- ACLs spanned over multiple ResourceProviders
- For special ACLs

It’s NOT affecting existing ACLs!

DEMO

Performance?

DEMO

State and Future

State and Future

- Released as 1.0
- Handles all CRUD operations on resource level
- Property level planned for the future
